

Bogota viva

Everyday life in Bogota is presented in this urban photography anthology that creates a refreshing and honest point of view and bears witness to the moods and nuances of the second largest city in Latin America. Hasta hace poco menos de un siglo una pequeña ciudad andina, de corte provinciano, Bogota es actualmente un pujante centro urbano que pasa de los siete millones de habitantes, punto de referencia obligado en la geografía nacional y microcosmos del país. Y como en todo microcosmos, sus agudos contrastes reflejan lo bueno y lo malo, lo bello y lo tragico, lo amable y lo ingrato.
